PRECISION MACHINING AT BOWSHER HIGH SCHOOL

Owens Community College Major: CAD Technology

Program Length: 4 semesters **Credits:** 60-61

PROGRAM INFORMATION

This program is designed to prepare students to enter the high demand world of Computer Aided Design (CAD) Technology. Students use their creativity as they bring ideas to life. As CAD technicians they work hand-in-hand with scientists, engineers, architects and designers. CAD technicians prepare detailed CAD drawings based on rough sketches, specifications and calculations. They are an integral part of any industrial project.

JOB OPPORTUNITIES FOR GRADUATES

There are many opportunities for midrange level employment in mechanical, electrical, solar, architectural, civil, surveying and land and urban development sectors of the marketplace. The scope, complexity and depth of these midrange level positions allow the possibility of more advancement than the entry level CAD Certificate.

SALARY

The U.S. Department of Labor, Bureau of Statistics for the Toledo area, reports an hourly wage for positions such as those listed above at \$24.97.

TECH PREP SCHOLARSHIP

Owens Community College offers Tech Prep scholarships to graduating high school seniors who have participated in a Tech Prep career pathway within the Greater Northwest Ohio Tech Prep Consortium. The maximum award is \$2,000 total (\$1,000 per year) or \$500 per semester for four semesters to cover tuition, fees, and an allotment for books **that are not covered** by other financial aid, such as Federal Pell Grant, as long as the student maintains eligibility. This scholarship does not pay for supplies, lab fees, course fees, and other institutional fees. Students must earn a 2.5 on a 4.0 GPA scale by the end of the 7th semester of high school. They must enroll at Owens, full time, for the fall semester immediately following high school graduation, and declare an associate degree program related to the chosen high school Tech Prep pathway.

1ST SEMESTER

CAD 117 Intro to Board & CAD Drafting Credits: 3
 CAD 130 3D Modeling for Manufacturing Credits: 3
 MTH 143 Applied Industrial Mathematics Credits: 3
 STM 105 Technology in Society Credits: 2
 ENG 111 Composition I* Credits: 3

2ND SEMESTER

CAD 132 CAD Drafting & Design Credits: 2
 CAD 144 GD & T Credits: 2
CAD 210 Intro to 3D Modeling-CAD 1A Credits: 3
 CAD 230 Industrial CAD I Credits: 3
CAM 160 Machining I Credits: 2
 IST 131 Computer Concepts and Apps Credits: 3

3RD SEMESTER

CAD 235 Construction and Surveying CAD Credits: 3
 ENG 130 Intro to Technical Comm Credits: 3
 CAD 280 Intro to 3D Modeling-CAD 1B Credits: 3
 MET 130 Material Science Credits: 3
CAM 161 Machining II Credits: 2
 PHY 143 Applied Industrial Physics Credits: 3

4TH SEMESTER

CAD 287 Capstone Project Credits: 2
 BUS 120 Principles of Management Credits: 3
 PSY 111 Indust/Organization Psych Credits: 3
 SPE 101 Public Speaking Credits: 3
 _____ Elective Credits: 3

*Select 3 Elective credits from: CAD 215, CAD 281, CAD 291, CAM 122, CAM 124.

Students will also earn CAM 120: Modern Manufacturing Processes (Credits: 3).

In order to earn the CTAG credit, the student must pass Manufacturing Processes with a C or better.

This program participates in College Credit Plus (CCP) at Owens Community College, as well as earns college credit through the (CT)² program.

College Credits earned via CCP:	07
College Credits earned via (CT) ² :	03
TOTAL:	10

Cost savings to the student: \$1,530
Calculation is based on current tuition structure, and is subject to change.

Students do not receive an application fee if they continue their studies at Owens Community College!
