

CENTER FOR EMERGENCY PREPAREDNESS **BEYOND THE CALL**

Medical emergencies don't occur every day, but when they do, correctly applied first aid can reduce pain and healing time and can even save lives.

CPR and First Aid courses are offered through Owens Community College Center for Emergency Preparedness.

The American Heart Association First Aid and CPR classes are designed to give you and your employees the confidence to respond in an emergency situation with skills that can preserve life, prevent further injury and promote recovery.

We can provide courses at your place of business or at our facility, on the Owens Community College Campus.

Courses offered include:

Heartsaver First Aid

Heartsaver CPR with AED

Basic Life Support-Healthcare Provider CPR

Bloodborne Pathogens training

-Coming Soon-Advanced Cardiovascular Life Support

For a full listing of courses offered at the Owens Community College Center for Emergency Preparedness, visit our website at www.owens.edu/cep.

For additional training information and to set up a course, Please contact Yvonne Thoma-Patton, CPR Training Center Manager at: 567-661-7268 or e-mail yvonne_thomapatton@owens.edu
