

## SOCIOLOGY TRANSFER PATHWAY

### Associate of Arts

#### TRANSFER PARTNERS

We have umbrella agreements with the University of Toledo and Bowling Green State University. We also have worked closely with Lourdes University in the past. All of the available Sociology courses are TAGd and/or are part of Ohio Transfer Module Courses.

#### JOB OPPORTUNITIES FOR 4-YEAR GRADUATES

Many college students share the view that sociology offers few practical employment options. We often hear “What does one do with a degree in sociology?” The truth is that sociology majors are well-prepared for the work force as well as graduate training in a multitude of areas. Those trained in sociology are equipped to wear many hats. Sociology majors have a background in social and cultural knowledge which allows them to meet the needs of a complex global environment. Sociology instills the ability to understand complex situations and solve problems in an ever-changing world. Those with a bachelor’s in Sociology find employment in many areas which include, but are not limited to: administration, advertising, banking, business, counseling, community organizing, health services, journalism, marketing, and market research, sales, education, consulting, criminal justice, social services and social research.

#### SALARY

The median annual wage for sociologists was \$92,910 in May 2021.
