

ROCKET EXPRESS

Your express pathway to a University of Toledo degree

What is Rocket Express?

Rocket Express is a partnership between Owens Community College and The University of Toledo for students who have not attended UToledo since graduating from high school. The program is designed to assist you with planning your college course work so that you have a seamless pathway to earning an associate's degree from Owens while progressing to a bachelor's degree at UToledo.

Why should I participate in Rocket Express?

Rocket Express gives you these advantages:

- You'll receive provisional admission to UToledo, based on transfer GPA, while enrolled at Owens Community College.
- You will work with your UToledo transfer specialist while studying at Owens Community College to ensure all your transferable Owens classes will apply to your specific degree plan at UToledo.
- You'll be able to track your degree progress at both institutions, on both your Owens Ozone account and your UToledo UTAD account.
- Your curriculum will be locked in for up to three academic years from the time of your Rocket Express admission. That means if you transfer to UToledo within that timeframe, your bachelor's degree program requirements will not change.
- Tuition rates at the time of your Rocket Express provisional admission will also lock in for up to three academic years.

Scholarships

As a Rocket Express student, you may be eligible for scholarships at The University of Toledo.

UToledo Achievement Award

This transfer student scholarship ranges from \$1,000 to \$4,000 based on cumulative transfer GPA. Students who submit the Free Application for Federal Student Aid (FAFSA) and demonstrate financial need may be considered for additional financial aid. Complete the FAFSA at studentaid.gov/sa/fafsa.

CUMULATIVE TRANSFER GPA	UT ACHIEVEMENT AWARD
