**Enrollment**

The most critical data we review as part of the budget reports is the enrollment information. FY20 budgeted tuition and fees were calculated using projections for total FTE enrollment. As discussed in the FY20 budget narrative, we used end of term enrollment for revenue projections. This will eliminate the impact of refunds for student drops and withdrawals. The charts below provide Spring tuition and FTE information.

**Spring 2020**

# Revenues

March Unrestricted Fund revenue projections have decreased from a budget of \$68,254,324 to \$66,638,949. At this time, we are recognizing all of the tuition and fee revenue.

Major Unrestricted revenue sources are provided below:

## Cash Flow

The Chart below reflects our cash position and projected cash position based on projected timing of revenues and expenditures. The chart provides the cash flow projections through March and compares against the budgeted projection. This amount differs from the balance sheet cash due to Outstanding Checks and Deposits in Transit.

## Investments

The next chart is an Investment Report for March. This is our bank cash position, which will differ from our financial statement cash position due to timing of paying bills and outstanding checks. During March, a CD matured and three securities and a CD were called. The College will continue to identify future investments opportunities that meet the College's need.
